

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD

CENTRAL VALLEY REGION

TENTATIVE ORDER NO. R5-2020-XXXX

RESCINDING WASTE DISCHARGE REQUIREMENTS

The California Regional Water Quality Control Board, Central Valley Region, finds that the Board adopted the following Order, which is no longer applicable for the reasons shown.

FRESNO COUNTY SERVICE AREA 32; CANTUA CREEK WASTEWATER TREATMENT FACILITY; WASTE DISCHARGE REQUIREMENTS ORDER NO. 82-062; FRESNO COUNTY

Waste Discharge Requirements Order (WDRs) Order 82-062, adopted on 25 June 1982, prescribes waste discharge requirements for the Cantua Creek wastewater treatment facility (Facility), which prescribes a 30-day average discharge of 0.061 million gallons per day of domestic wastewater to evaporation/percolation ponds. The Facility is operated by Fresno County Service Area 32 (or Discharger). On 24 September 2019, the Discharger submitted a Report of Waste Discharge for coverage under State Water Resources Control Board (State Water Board) Water Quality Order 2014-0153-DWQ, *General Waste Discharge Requirements for Small Domestic Wastewater Treatment Systems* (General Order). On 13 February 2020, a Notice of Applicability was issued to the Discharger for coverage under the General Order. The Facility was assigned enrollee number WQ 2014-0153-DWQ-R5335. Therefore, it is appropriate to rescind Waste Discharge Requirements Order 82-062.

IT IS HEREBY ORDERED that the above Order is rescinded.

I, PATRICK PULUPA, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Valley Region on XX April 2020.

PATRICK PULUPA, Executive Officer
